

# 3M M-105 Respiratory Faceshield Assembly

## Details

- Ready-to-use assembly that includes a standard visor and standard face seal.

Used with an approved air source, M-100 Series faceshields provide respiratory (OSHA APF=25) and limited eye (ANSI Z87.1-2010) protection. The M-105 is a ready-to-use assembly that includes a standard visor and standard face seal.

The M-105 assembly includes a M-925 Visor and M-935 Face seal. The M-925 visor is made of polycarbonate. The M-935 face seal is appropriate for general purpose use.
